**ATIKA**

Top of the range Atika combines an ultra-low wood consumption, yet efficient clean burn with excellent heat bank quality. The high quality, heavy full glass door provides additional heat retention. Natural convection will move efficiently throughout your house, whilst the radiant heat released by the heat bank gives you extra warmth for many hours even when the fire has gone out, making the need to burn overnight in many cases, unnecessary.

Heating capacity	240sqm
Efficiency	Aus 67% / Eu 82%
Emissions	0.8g
Wood usage	1.8kg/hr
Weight	188 kg
Heat bank	optional 40kg refractory \$570
Ceramic Tile Heatbank	Fitted
Ember retention with HB	8 hr+
Wood consumption rating	10/10
